AARTI YADAV

TECHNICAL LEAD – FRONTEND ENGINEERING

Mumbai | 9819680228 | aarti190827@gmail.com

SUMMARY

Software Developer with 10+ years of experience in building responsive web and mobile applications using modern JavaScript frameworks. Skilled in performance optimization, analytics, and scalable application development.

TECHNICAL SKILLS

Frontend: **Angular, React Native, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, Ionic**
Backend & APIs: **Node.js, Express.js, REST APIs, Firebase**
Performance & Analytics: **Core Web Vitals (LCP), Google Analytics, Adobe Analytics, Clevertap, OpenSearch, Chrome DevTools**
Tools & Practices: **Git, Agile/Scrum, CI/CD, Code Reviews, Performance Optimization, Debugging**
Leadership: **Technical Leadership, Team Mentorship, Architecture Decisions, Cross-functional Collaboration**

PROFESSIONAL EXPERIENCE

Incture Technologies **May 2025 — Present**
Technical Lead – Delivery

- Leading development of Walmart store applications, including an Angular + Ionic Android app used by store employees.
- Revamping legacy applications to improve performance, stability, and scalability.
- Driving development of two React Native apps, owning architecture, design, and delivery.
- Managing team execution, code quality, and end-to-end delivery lifecycle.
- Built and optimized CI/CD pipelines for seamless APK deployment.

Xebia IT Architects **Mar 2021 — May 2025**
Lead Consultant

- Built scalable applications for Kotak Cherry and Walmart using Angular and Ionic.
- Modernized legacy systems, reducing technical debt and improving maintainability.
- Improved Core Web Vitals, enhancing LCP and overall performance.
- Integrated analytics tools (Adobe Analytics, Clevertap, OpenSearch).
- Mentored developers and led multi-project delivery.

LearningMate Technologies Pvt. Ltd. **Oct 2019 — Mar 2021**
Senior Software Engineer

- Migrated desktop applications to browser-based platforms, improving accessibility.
- Implemented Service Workers for caching and offline capabilities.
- Contributed to Node.js applications and frontend architecture.

Verdantis Technologies Pvt. Ltd. **May 2018 — Sep 2019**

UX Developer

- Reduced load time by 40% through performance optimization.
- Led Angular migration (v5 → v6).
- Implemented XSS security measures and managed app releases.

Noesis Tech **Jul 2015 — May 2018**

Mobile Application Developer

- Built hybrid mobile apps using Ionic and Cordova.
- Integrated third-party APIs and improved performance by 40%.
- Developed a dynamic form engine and integrated Google Analytics.

EDUCATION

Bachelor of Science Information Technology (2012 — 2015) **71.5%**

Kishinchand Chellaram College

HSC (2011 — 2012) **74%**

Kendriya Vidyalaya No. 2

SSC (2009 — 2010) **87%**

Kendriya Vidyalaya No. 2
